

## **ENERGY STAR Qualified Appliance Product List Updates – February 2004**

This document provides a list of appliances that were either added to the qualifying product list in the previous month, deactivated from the qualifying product list in the last month, or had their product specifications changed. Due to the January 1, 2004 criteria changes, many new models were added. Also due to the new dishwasher test procedure, many dishwashers now have different specifications. Please be aware that the same model may exist with two different EnergyGuide values depending on when it was manufactured.

Deactivated products will remain on the qualifying list in red for the next year. For any questions about this list, please contact Bill McNary ([bmcnary@drintl.com](mailto:bmcnary@drintl.com)) or James Siegel ([jsiegel@drintl.com](mailto:jsiegel@drintl.com)) at 301-588-9387.
